Alpha Rages

11/2023 – 04/2024  
Lahore, Pakistan

- Utilized HTML, CSS, and JavaScript to develop dynamic and interactive templates.
- Collaborate with design and marketing teams to implement responsive and userfriendly interfaces.

## PROJECTS

**Trade Today**  
AI-powered platform

03/2025 – present

Engineered TradeToday, an AI-driven web app delivering real-time crypto market insights to empower users with smarter trading opportunities.

**Code Miner**  
Official website for Code Miner

02/2025 – 02/2025

Designed and developed official website for Code Miner, the company I work for, highlighting its software services, projects, and providing an interface for client communication

**GHS&E**  
Greenhouse Solar and Electrical

02/2025 – 02/2025

Built a web app for GHS&E, a solar installation company, with service listings, project showcases, inquiry forms, and an admin panel for managing services and client requests.

**Helper Log**  
Super Admin Panel

01/2025 – 02/2025

Contributed to a shipment management dashboard, implementing Manifest, PO, and Invoice management, along with Agent/Runner modules and secure Super Admin.

## GPP

11/2024 – 01/2025

### *GhoomoPhiroo Pakistan*

Built a user-friendly tourist web application for exploring and booking travel experiences across Pakistan, featuring trip bookings, lucky draw systems, destination management, and an admin panel for seamless backend operations.

## Finarch

09/2024 – 11/2024

### *Architectural Web App*

Developed a responsive and feature-rich architectural web app with dynamic data management, interactive components, and a seamless user experience."
